A SOLDIER OF COMMERCE

By JOHN ROE GORDON

Copyright, 1904, by J. P. Trenchard

The approach of the governor's train in honor of the new inspector general of prisons roused great interest. A governor's ball was always a grand affair, but this one, coming at the close of the fair, with so many notables from all parts of the east in Tiffin, was certain to surpass in splendor any of its predecessors. The bazaars brought out their best goods and displayed them to the best advantage. Women of all nations began feverish shopping and preparing. Officers of the garrison, Persian, grandees, Chinese princes, Turkish pashas, vied with one another in their efforts to do credit to this great occasion. Alma seemed imbued with the same spirit of rivalry. One day as she and Marie were going out Jurnieff stopped Marie.

"Marie," he said, "what has brought the great change over your mistress? Heretofore she has been morose and sad; now she is smiling and cheerful. What has caused it? She acts like one who knew that her lover had come to see her."

Marie started. Did he know that Alma was aware of the presence of Irons in the prison?

"It is not that, I think, Colonel Jurnieff, but that perhaps one is coming."

"Do you mean—you cannot mean the prince?"

"It may be, though Mlle. Alma says little to me. Is he not a great officer?"

"He has a high and honorable position. He is inspector general of prisons."

"Ah! That enlightens me, your excellency. I know what she wanted it for now."

"What book—the pictures of uniforms. I saw her studying the uniform of the inspector general of prisons. She seemed pleased after that."

Jurnieff turned away.

"I will await your return with impatience, lady, and your goods will remain in my charge."

Not even Marie noticed the faded figure that came from the bazaar. A drosky was standing near, and Alma stepped into it.

"Take me to the hay wharfs," she said.

The frostbitch stared, but the money that was put into his hand was many times the regular charge, and he did not hesitate.

The hay wharfs on the Kur were in themselves part of the show. Pents of all descriptions crowded against one another, for the supply of hay needed during the fair for the horses and camels was very great. The shouts of Circassians, Georgians and Turks and Persians were deafening.

Alma sat in her drosky and looked about at the busy scene. These hay-boats were mostly from the towms along the upper Kur and the Volga. They were of all kinds, sizes and degrees of safety. Those from the Volga were the largest, for they needed stability to travel on the Caspian. Near one of these, with an Astrakhan owner and crew, she halted.

No subjects of the czar hate the Muscovite rule more than the Astrakhan. It was only after a prolonged war that Astrakhan was subdued, and her fealty has never been more than

nominal. Every little while some new mullah rises to preach a holy war, and a new crusade against the Muscovite begins.

The Astrakhan, seated upon the prow of his boat, was tall, dark and picturesque. He was smoking a pipe, regardless of the proximity of several tons of hay belonging to himself.

Are you not from the lower valley of the Volga?

As he looked around he saw a small white finger beckoning him. He sauntered to where Alma sat. She got down from her seat and spoke in whispers.

"Are you not from the lower valley of the Volga?"

"I am, sweet lady. I have come from Astrakhan with hay to sell."

"Is it sold?"

"Alas, not yet. The fair is breaking up, and there is less demand for hay."

"Will you sell it at a good price and deliver it where I command?"

"If the price be sufficient, sweet lady, I will carry it to Moscow."

"What is the price you get for your hay at this wharf?"

"This load will bring me 300 rubles."

"If you will take a passenger, keep your tongue still and deliver the hay where I bid you, I will give you 2,000 rubles."

"It is a fortune, sweet lady! Where shall I deliver the hay?"

"At the port of Astrabad, Persia."

"I agree. But the passenger?"

"Is a man. Remain at this spot until he is ready."

"Under the cover of my hay he will be safe. Sweet lady, you may rely upon me. I am Charka of the town of Ashkar. Ask for me when you want me. I am at your feet."

"Return to the bazaar from which I came," said Alma to the frostbitch.

"I am growing reckless," she mused. "Two weeks ago I shivered if I had to look my uncle in the face. I dared not go a step beyond the limits set. But now! The blood of the Jurnieffs is aroused."

Arriving at the bazaar, she made another purchase, walked to the carriage, answered Marie's question as to what kept her so long and in half an hour was back in her apartments.

As Colonel Jurnieff passed her door he stepped, a look of astonishment on his face.

"What next?" he said. "She is actually singing a love song. Evidently my brother has not managed this affair well. Why, the girl is already happy as well as conquered. Really my brother's influence must get me promoted. I am too great a diplomat to be governor of a prison. I should be in St. Petersburg."

As his footsteps died away the love song came to an abrupt end.

Weimer's Matrimonial Tangle.

Chicago, Sept. 24.—A bride of a few hours, Laura Trumbull Weimer, wife of Jacob Weimer, the crack pitcher of the Chicago National League baseball team, it is announced, fled from his arms to take refuge at the home of her father, George T. Trumbull, president of the Trumbull Safe and Vault company. She had discovered that Weimer had been divorced—a condition not recognized by the Roman Catholic church, of which she is a devout member. Friends and relatives are trying to untangle the complication.

Various Unconfirmed Rumors.

London, Sept. 24.—Various unconfirmed rumors have reached London that the Vladivostok cruisers have sailed out; that Lieutenant General Stoessel has made a counter attack and recaptured a fort from the Japanese; that Madame Stoessel was wounded in the shoulder while attending wounded soldiers at Port Arthur, and that the Russians are leaving Mukden, etc., but little reliable news has been received here.

Vesuvius More Active.

Naples, Sept. 24.—Vesuvius is gradually becoming more active. The crust around the crater has broken away and produces magnificent furies of red-hot ashes and sparks of fire which rise occasionally to immense columns to a height of 700 feet, accompanied by loud detonations and slight earthquakes, the sound resembling a bombardment of artillery.

Fairbanks' Itinerary Extended.

Chicago, Sept. 24.—The itinerary of Senator Fairbanks' Western tour has been extended so as to provide for two days of speechmaking in Iowa and one in Illinois on the return trip. The 11th and 12th of October will be spent in Iowa and the 13th in Illinois, closing with a meeting in Chicago on the night of the 13th.

BANKERS INDICTED

Officials of Defunct Rensselaer Bank Are Held For Trial.

RELEASED ON BONDS

Alfred and Thomas McCoy and Their Cashier Charged in Twenty Joint Indictments.

Embezzlement Is the Charge and a Hearing Will Be Held Wednesday.

Rensselaer, Ind., Sept. 24.—Twenty joint indictments charging Alfred McCoy and Thomas McCoy of the defunct McCoy bank of this city with embezzlement, were returned by the Jasper county grand jury. Two individual indictments on the same charge were returned against Thomas J. McCoy, and two additional indictments jointly charge Alfred McCoy, Thomas J. McCoy and Walter White with embezzlement. The three men were arrested, arraigned in court and released on bonds of \$300 on each count. The cases were continued until next Wednesday.

\$20,000 FOR LOSS OF WIFE

Mills Files a Suit Against Husband of Former Mrs. Mills.

Princeton, Ind., Sept. 24.—Alleging that the affections of his wife were alienated from him while she was nursing the dying wife of the man whose bride she now is, John Mills of this city has filed a suit for \$20,000 damages against E. Stanford Farmer of near Francisco. The former Mrs. Mills, who was employed as a nurse, cared for the wife of Farmer, who died about a year ago. A few months later Mrs. Mills went to Kansas, where she said she intended to enter a school for nurses. She obtained a divorce in the Kansas courts and returned to this state last spring and was married to Farmer at Evansville. Mills alleges that the divorce was obtained by fraudulent means and that the marriage to Farmer was illegal. Mr. and Mrs. Mills were married in 1875 and they have grown children. Farmer also has several children. He has been prominent in politics and he is regarded as wealthy.

Historical Magazine Projected.

Indianapolis, Sept. 24.—An Indiana Quarterly Magazine of History is about to be published in Indianapolis. W. E. Henry, state librarian, will be the manager, and George S. Cottman the editor. The early neglect of the documentary material and the daily passing away of much material that would be most interesting and valuable in a historical way has convinced those interested in the new enterprise that by publishing such a magazine a long felt need will be realized. The publication will be strictly a magazine devoted to the preservation and collating of material that is of real value to the historical student.

They Have Their Contract.

Anderson, Ind., Sept. 24.—Two women of this city have reported to the police that they fear they were swindled out of \$15. They paid that amount several days ago to a man representing that he was a district agent for a new kind of stove polish, and for \$15 he was employing sub-agents who would be paid \$5 each for demonstrations. The agent did not return. All the victims have in return for their \$15 is a wonderfully worded and illuminated contract on a large sheet of paper.

Brakeman Crushed by Train.

Worthington, Ind., Sept. 24.—Wounded by thirty-six hours of continuous labor, A. J. Harvey, a Pennsylvania railroad brakeman, paused a few minutes to rest near his train, which was standing on a sidetrack, when he fell asleep and was run down and killed by the train as it moved onto the main track.

Anti-Vaccinationists Protest.

Terre Haute, Ind., Sept. 24.—At a mass meeting a citizens' committee was appointed to assist the board of health in handling the smallpox situation. At the same meeting the anti-vaccinationists announced that they would cause the arrest of anyone who sought to enforce compulsory vaccination.

Liberty Short Lived.

Jeffersonville, Ind., Sept. 24.—Geo. White, one of the prisoners that escaped from the reformatory by riding out in a box-car, was captured at Watson. The other convict ran and escaped, although he was shot at several times. It is believed that he was wounded.

Conductor Instantly Killed.

Warsaw, Ind., Sept. 24.—Lee Hatfield, a conductor on the Baltimore and Ohio railroad, was instantly killed by falling from his train about a mile east of Milford Junction. It is thought that a water-spout hanging low knocked him off.

Child Killed by Wagon.

Indianapolis, Sept. 24.—Everett Castle, the four-year-old son of Mrs. Dolly Castle, an actress, is dead at St. Vincent's hospital from injuries received by being run over by a hay wagon.

LABOR'S ATTITUDE

Federation's Alleged Objection to Mr. Hanly Vanishes.

Indianapolis, Sept. 24.—The address to be delivered by Edgar L. Perkins, president of the State Federation of Labor, at the annual convention in Terre Haute next week, was made public today. He takes up all of the important matters in which the union men are interested, but perhaps the most interesting contribution is the statement of the federation's attitude toward J. Frank Hanly, the Republican nominee for governor. "So far as the executive board is concerned," he says, "the fight against Mr. Hanly ceased with his nomination." This will be good news to Mr. Hanly and the Republican leaders, who have been somewhat alarmed by the reports that the federation was continuing its fight against him. Perkins says the fight grew out of a statement Mr. Hanly made at a meeting of the Retail Merchants' association at Lafayette, in which he took occasion to say that the garnishee bill should be passed, but Perkins concludes that it is not the policy to continue a fight on a man after his nomination because of his private record.

Former Lieutenant Governor Haggard of Lafayette, who called at the Republican state committee rooms to volunteer his services during the speaking campaign, sounded a note of warning to the campaign managers. He said there are no good reasons to believe the Republicans will carry the state by 40,000, as many of them are now claiming. "I am sure that we will carry Indiana by a comfortable plurality," he said, "but the Democrats are now getting to work and there is no chance for us to get anything like 40,000. The Democrats are making a still hunt, and whenever they have won it was by a still hunt. Right after the St. Louis convention a lot of them declared that they would not vote for Parker and Davis, but that kind of talk has died out and now you only hear of a Democrat occasionally who will not support their ticket. The conditions are about the same as they were in 1876, when Tilden carried the state. Four years ago the Democrats were split to pieces and no one thought they could get together, but they did. As I said before, I think we will win, but the Democrats will bear watching."

Senator Charles W. Fairbanks, Republican vice presidential candidate, today began his long Western trip. He will go from Chicago to Minneapolis and St. Paul, and thence west through Minnesota, the Dakotas, Montana, Washington and Oregon. He will spend two or three days in California before starting eastward. On his return he will speak in Nevada, Idaho, Colorado, Nebraska and Iowa. He will then spend two days in Illinois. His swing around the Western circle will end at Chicago Oct. 13. The trip is one of the longest ever planned for a vice presidential candidate. It is said that Senator Fairbanks is bearing up well under the strenuous work and that he is making a hit at campaigning in a style which is new to him. Colonel Dan Ransdell of this city, sergeant-at-arms of the United States senate, is accompanying him on the Western trip. Chairman Goodrich of the state committee said today that no arrangements have been made yet for the tour of Senator Fairbanks in his own state.

Secretary George Heilman of the Lincoln League of Indiana said today that there will be no attempt at the convention of the National Association of Republican clubs Oct. 5 and 6 to have big night parades, but that each night there will be a large escort for the speakers. It is expected that the Marion club here will make a big showing, as it is one of the finest marching clubs in the country. Word received at the headquarters of the league indicate that there will be a fine attendance. Charles W. McGuire of Chicago, president of the Indiana branch of the league, arrived here today and will remain till the first of the week working on the arrangements. E. W. Weeks of Guthrie Center, Ia., national treasurer of the organization, will arrive here Monday to open headquarters.

The State Federation of Labor will be busy at the coming session of the legislature, as President Perkins says it will favor an amendment to the child labor laws, a law placing the bureau of factory inspection on a non-partisan basis, a law giving the miners a voice in naming the state mine inspector, a law licensing barbers, amendments to the mechanics' lien law. It will not let up in its fight to prevent the enactment of the garnishee bills, and he indicates that it will not favor Superintendent Whitaker's plan to solve the convict labor problem at the Indiana reformatory by establishing a trade school.

Will Inquire Into It.

Kokomo, Ind., Sept. 24.—Prosecuting Attorney J. F. Cooper announces that there will be a grand jury investigation of the death of Miss Nellie Kroh, the girl who committed suicide while riding in an automobile with Dr. W. H. Martin last Monday night. Relatives of the girl have asked for the investigation.

Caught at the Crossing.

Pittsburg, Sept. 24.—Two men, one woman and a baby were killed last night by a Pennsylvania fast express. The accident happened at the Thirtieth street crossing. The party had just alighted from a streetcar and then started across the tracks on their way home.

ASSAULT IS RAGING

Port Arthur the Scene of One of the World's Fiercest Conflicts.

A VERY STORM OF SHELL

Japanese Engage in a General Assault More Furious Than Any of Its Predecessors.

Scenes of Indescribable Massacre Said to Be Attending the Assault.

St. Petersburg, Sept. 24.—Telegrams reached the emperor at 4 o'clock this morning concerning Port Arthur, regarding which place the greatest anxiety prevails at court. The Japanese are now engaged in a general assault, which is more furious than its predecessors, attacking the town on three sides simultaneously, and employing their whole forces, being determined to finish the business.

Russian mines blew up whole battalions. General Fock, especially distinguished himself, directing the fire from the wall, which the Japanese reached after indescribable massacre.

The whole of Admiral Togo's and Vice Admiral Kamura's squadrons are aiding the struggle, which it is feared here will be fatal. The besieged forces are fighting as in a furnace. A perfect storm of shell is falling on the town, port and fortress from the whole hill and roadstead. General Stoessel is going from fort to fort encouraging the defenders in their desperate efforts.

In St. Petersburg the facts concerning the tragic event which perhaps will terminate by a glorious fall of Port Arthur, are wholly unknown. At court hope has not yet been entirely abandoned.

OYAMA'S FORCES

Are Disposed in an Apparently Advantageous Fashion.

Mukden, Sept. 24.—The Russians are using war balloons southeast of Mukden for the purpose of observing the movements of the Japanese in that direction. The line of outposts established by the Japanese is so effective that not even the Chinese have been able to penetrate it. It is impossible, therefore, to say definitely how Marquis Oyama has disposed his forces. It is believed General Kuroki's army stretches from Benishu to Bentia-putze and the armies of Generals Oku and Nodzu from Yentai along the high road and railroad to Shantung, sixteen miles south of Mukden, while a fourth army is moving from Dzianchan across the Da mountains. All these roads converge at Mukden. Of the

four armies those of Oku and Nodzu are nearest Mukden and their progress will have to be slackened in order to permit Kuroki and the flanking columns time to come up. Meanwhile Oku and Nodzu have command of the railways. The military authorities here continue to express the belief that a battle will be fought near Mukden within a few days.

An Interesting Conjecture.

St. Petersburg, Sept. 24.—The absence of detailed reports from the seat of war despite the important character of events that are believed to be developing around Mukden, leads to the supposition that General Kuropatkin may after all not seriously contest the Japanese advance and that the long-expected battle at Mukden may turn out to be merely a rear-guard action upon a large scale.

Scourge Added to War.

Tsintau, Sept. 24.—A Russian naval officer here has received official advice that cholera has appeared at Port Arthur. Up to Sept. 19 there were only a few cases, but there were grave fears that the disease would become epidemic.

SUIT FOR RECOVERY

Under Illinois Statute an Interesting Action Has Been Begun.

Chicago, Sept. 24.—Suit has been begun against the stock brokerage firm of Tracy & Co. to recover \$41,400 which it is alleged was lost by Francis B. Wright in speculations on margins with that concern. Wright is now in the Joliet penitentiary under sentence on a charge of embezzling nearly \$80,000 from the First National bank of Dundee Ill., of which he was cashier. The bank is behind the suit. This action is based on a law which entitles anybody to sue for the amount lost in speculation upon margins in case the person losing the money does not institute a suit for its recovery within six months from the time of the loss. The suit is declared by the bank's attorneys to be the first of its kind ever started in Illinois.

British Merchant Captured.

Tangier, Sept. 24.—Mr. Lee, a British merchant at Rabat has been captured while fishing in the Rabat river. A companion named Broome escaped after being fired at.

BANK TIED UP

Creditors at Sidney, Ohio, Secure Receiver for Involved Institution.

Cincinnati, Sept. 24.—The estates of nineteen stockholders of the American German bank of Sidney, O., and the affairs of the bank were thrown into the hands of Receiver J. D. Barnes by Judge Thompson of the United States court here. Action to have the bank and all its stockholders declared bankrupt was brought on behalf of the estate of John Burkhardt of Dayton, O., and other creditors. During the hearing it developed that the bank carried over \$500,000 of deposits and that the safe contained only \$1,000, while all the assets of the bank if taken at their face value would not reach \$500,000, and the liabilities will exceed \$700,000. Experts reported that discrepancies of \$140,000 in the books have been discovered.

DIXON A CHIEF OF THE RE-ORGANIZERS.

The Columbus Republican says:

"There are a good many democrats in the Fourth congressional district who will not vote for Lincoln Dixon. There were hundreds of democrats in each county who were opposed to the reorganization of the party. Dixon being the chief of the reorganizers is not popular with those who believe with Bryan that the democratic party did not need reorganization."

That is the exact truth. A very large majority of the Democrats of the Fourth district did not think the party needed reorganization. They thought Bryan had been right, and they were opposed to Wall street domination of the party; but Tom Taggart, John Kern and others at Indianapolis who had been to New York sent for Link Dixon and told him that Cleveland, Belmont and others were for the reorganization on anti-Bryan lines.

Dixon was chairman of the Fourth district and agreed to the Wall street plan. He went to work quietly but systematically, and with the help of a few men in each county, controlled the delegates to the state convention, which unhorsed Bryan in Indiana. In those days they spoke bitterly of Bryan and his policies, now they are calling upon Bryan to save them from their folly. It is no wonder that a good many democrats will not support Dixon.

TELL your friends that Governor Durbin and Captain W. E. English will speak here next Friday evening. Come and bring a friend with you.

PARKER says that Cleveland made a model president. What do the people say? Do they think that Cleveland and his administration should be patterned after? If Cleveland is Parker's model he would endeavor to follow in his foot steps. The people would pay the penalty as they did from 1893 to 1897.

A TIP to Republicans: Don't be scared by Chairman Taggart's prophecies or claims regarding the political outlook. In 1894, when he was chairman of the Democratic state central committee in Indiana, he claimed the state by 10,000 votes up to the night before the election. The next day the Republicans carried it by 46,000 plurality.

UPON Bartholomew county the present Democratic mayor and this city attorney each voted for Palmer and Buckner in 1896, and the present Democratic county ticket is made up largely of men who either voted against Bryan or took little interest in his cause. The men in that county who supported Bryan earnestly are having little to say at this time, and are getting none of the offices.

THE Democratic party has been so long in the opposition and its every day work has so long been criticism, that it forgets that no battle was ever won by swearing at the enemy. Abuse of Mr. Roosevelt will make votes for him. He is a very popular man. Personal criticism will not draw away from him any man who admires him, but it will stir his admirers to the more earnest support of him.

ELGAR A. PERKINS, president of the Indiana Federation of Labor, and himself a Democrat, says that there is no ground for an attack on J. Frank Hanly from a labor union standpoint. He says "Mr. Hanly's legislative record is not such as to warrant opposition from a trade-union standpoint." The fact is that all classes of people like Mr. Hanly. No party in Indiana ever nominated a more popular and more worthy candidate than he.

IN EVERY national campaign for forty years past the Republican party has stood upon its record of things done, of laws enacted, of policies established under which the country has progressed and prospered. The record of the Democratic party made in two administrations was so full of disaster, of commercial shipwreck, of industrial paralysis and business failures that its chief business in recent years has been to get as far away from its record as possible.

GOVERNOR DURBIN, in a speech at Anderson, said that the State debt of Indiana now is but \$1,912,215.12, and that it is being reduced at the rate of \$591,308.42 a year, \$49,280.70 per month, \$1,642.69 per day, \$68.41 an hour, during the past nine years and a half the aggregate reduction of the debt has been over \$5,618,000.00. And the rate of taxation has been reduced from 32 cents on the \$100 to 30 1/2 cents. The Governor says these are official figures. This is conclusive proof that the tax payers of the state profited when the republicans came into power in Indiana. This same sort of a result would follow in Jackson county if the republicans were put in charge in this county.

Impressive Play.

"Why Girls Leave Home," is the novel title of the play to be at the opera house next Thursday evening. The story is taken from life and is impressively told. The laugh, the tears, the suspense follow each other alternately. The plot is not overdrawn and teaches a wholesome lesson. The scenic embellishments are said to be unusually attractive.

FOR JOINT SENATOR.

J. A. Cox Nominated at Brownstown Today.

J. A. Cox, the Crothersville lawyer, was nominated for joint senator at the republican convention at Brownstown this afternoon.

The district is composed of Jackson and Washington counties and there was a full representation from each county. Harvey Morris, of Salem, president, and I. G. Saltmarsh was secretary. Mr. Cox was nominated by acclamation.

The nomination of Mr. Cox will be well received in both counties for he is a young man of high standing and thoroughly qualified. He has a good acquaintance in both counties and is deservedly popular. He will canvass the district between now and election day.

Forcing the Fight.

THEN TRYING, Sept. 24—It is reported here that Field Marshal Oyama has sent a message to the Japanese commanders about Port Arthur urging them to make desperate efforts to take Port Arthur within the next three days so as to release 50,000 Japanese troops which are needed in the campaign against Gen. Kourapatkin.

Political Gossip.

Hon. W. L. Taylor, ex-attorney general and one of the best campaign speakers in the state, will speak at a republican meeting at Crothersville, October 13, at 2 p. m. The Crothersville and Vernon township republicans will make this a great meeting.

B. F. Shiveley, of South Bend, democratic candidate for governor passed through here this morning. He speaks at Franklin today.

The Roosevelt and Fairbanks club held a business session last night.

Somewhat Frosty.

The democrats had a rather chilly "opening" at Brownstown today. They had extensively advertised "Hon. Harvey Smith, of South Dakota," and the "Hon. Jos. H. Shea, democratic candidate for attorney general," and other "able speakers." Major Long had even neglected court business to work up a crowd, but the crowd failed to materialize. Of course the candidates from over the county were there and some prospective candidates and other place hunters were on hand.

But the rank and file of democrats in the county who followed Bryan through two campaigns did not turn out. They did not care to turn out to hear a man who is getting paid to tell them to vote for Parker whose nomination Bryan tells them put the party "under the control of Wall street" and "virtually nullifies the anti-trust plank" of the platform.

Struck by Automobile.

Mrs. R. E. Hawley, of Cambridge City, a sister of J. H. Andrews, of this city, was run down by an automobile at Indianapolis Friday and seriously injured. She sustained a fracture of the left ankle and concussion of the brain. Mr. Andrews received a letter today stating that Mrs. Hawley was unconscious last night.

The automobile was driven by one Joseph Moore and it is asserted that he was going at a rapid rate, for which he will doubtless have to pay a fine and maybe defend a damage suit.

COMPARISON OF FIGURES.

Showing the Cost of Building Association Loans and Ordinary Loan.

A comparison of the cost of a loan of \$1,400 on ordinary note and of the same amount borrowed through the CO-OPERATIVE BUILDING AND LOAN ASSOCIATION

of Seymour, Indiana, is both interesting and instructive showing in each case the amount paid back by the borrower.

Ordinary Note Loan.

Principal.....\$1,000 00
Interest 6 per cent for 6 years.....360 00
Total.....\$1,360 00

Building Association Loan.

Initiation fee, 10 shares.....2 50
Premium 6 per cent, payable only once 60 00
Interest 6 per cent for 6 years.....360 00
Dues \$2.50 per week for 6 years.....780 00
Total.....\$1,202 50

Bal. favor of association \$ 157 50

In this comparison it is estimated that six years will be required for the building association stock to mature. As a matter of fact all the stock thus far has matured in less than six years. This gives the association still further advantage as less dues and interest would be paid. Besides the payments in the building association are made in small amounts every week and are much easier to meet than the larger amount in one lump sum. New series "G" will start Monday, October 3, and stock may be taken either for investment or loan. For full particulars, see W. F. Peter, Sec.

Racing Without Spectators.

The management of the defunct Columbus races had contracted a hippodrome aggregation to give a performance each day during the race week. The races were declared off but the hippodrome people declined to cancel their contract. They went to Columbus with all of their equipment and reported for duty. The management told them that there would be no races but that did not suffice.

The hippodrome people have gone right on giving a performance each day according to program just as if thousands of people were witnessing them when in fact no one was in the amphitheatre. When they complete their part of the contract they will bring suit to force the racing association to make good their part.

A PASTOR'S WIFE CURED OF PELVIC CATARRH

She Suffered for Years and Felt Her Case Was Hopeless—Cured by Pe-ru-na.

MRS. ANNA B. FLEHARTY, recent Superintendent of the W. C. T. U. headquarters, at Galesburg, Ill., was for ten years one of the leading women there. Her husband, when living, was first President of the Nebraska Wesleyan University, at Lincoln, Neb.

In a letter written from 401 Sixty-seventh street, W., Chicago, Ill., Mrs. Fleharty says the following in regard to Peruna:

"Having lived a very active life as wife and working partner of a busy minister, my health failed me a few years ago. I lost my husband about the same time, and gradually I seemed to lose health and spirit. My daughter is a confirmed invalid, and we both felt great need of an invigorator.

"One of my neighbors advised me to try Peruna. A bottle was immediately secured and a great change took place in my daughter's as well as in my own health. Our appetites improved very greatly, the digestion seemed much helped, and restful sleep soon improved us, so that we seemed like new women.

"I would not be without Peruna for ten times its cost."—Mrs. Anna B. Fleharty.

What used to be called female diseases by the medical profession is now called pelvic catarrh. It has been found by experience that catarrhal diseases of the pelvic organs are the cause of most cases of female diseases.

Dr. Hartman was among the first of America's great physicians to make this discovery. For forty years he has been treating diseases peculiar to women, and long ago he reached the conclusion that a woman entirely free from catarrhal affection of these organs would not be subject to female disease. He therefore began using Peruna for these cases and found it so admirably adapted to their permanent cure that Peruna has now become the most famous remedy for female diseases ever known. Everywhere the women are using it and praising it. Peruna is not a palliative simply; it cures by removing the cause of female disease.

Dr. Hartman has probably cured more women of female ailments than any other living physician. He makes these

Mrs. Anna B. Fleharty.

cures simply by using and recommending Peruna.

Mrs. Esther M. Milner, DeGraff, Ohio, writes:

"I was a terrible sufferer from female weakness and had the headache continuously. I was not able to do my housework for myself and husband. I wrote you and described my condition as near as possible. You recommended Peruna. I took four bottles and was completely cured. I think Peruna was a wonderful medicine."—Mrs. Esther M. Milner.

Congressman Thad. M. Mahon, of Chambersburg, Pa., writes:

"I take pleasure in commending your Peruna as a substantial tonic and a good catarrh remedy."—T. M. Mahon.

If you do not receive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

A HAPPY MOTHER

WEATHERFORD, TEXAS.
May 14, 1904.

Before my baby was born I was in great misery. I was just able to get about but just as soon as I began to take Wine of Cardui, which had been recommended to me, I felt much better. In fact I felt that if it had not been for this medicine I would not have been strong enough to live through childbirth. But that was made comparatively easy by taking your Wine of Cardui for four months before baby came. Wine of Cardui restored my health as I took it two months afterward. I cannot speak too highly of Wine of Cardui and I am glad to endorse it.

Mrs. C. E. Wood
TREASURER, YOUNG MATRONS' CLUB.

Wine of Cardui is a powerful tonic which acts on the generative organs of women, regulating menstruation and giving tone and strength to the organs which inflammation and weakness have affected. It cures nineteen out of every twenty cases of bearing-down pains or ovarian trouble. Wine of Cardui cures barrenness and aids the mother in conserving her strength for the ordeal of childbirth. After that event the Wine prevents dangerous flooding and helps mothers to quick recovery. Wine of Cardui is the one medicine a mother should use before and after childbirth. All druggists sell \$1.00 bottles Wine of Cardui.

THE STATE OF TRADE

Fall Business Stimulated by Cooler Weather.

New York, Sept. 24.—Bradstreet's weekly review of trade today says: Cool weather, while retarding or injuring some late crops, has been stimulating to fall trade, both wholesale and retail, which shows an apparent increase in volume over a year ago. The improvement is most marked in dry goods, clothing, groceries, shoes and hardware. Distributive trade is better in the northwest portions of the East and very generally throughout the South. The central West also shows a continuance of the improvement noted last week, and a widespread moderate betterment in collections is a feature deserving special mention. A disposition is shown on the part of farmers to hold their products for better prices, this being true in many sections, notably the South and the Northwest. The labor situation is rather quiet on the whole, although some notably large strikes continue unsettled.

REMARKABLE ESCAPE

Wagon Load of Dynamite Explodes and Driver and Horses Escape.

Cumberland, Md., Sept. 24.—A Baltimore & Ohio fast freight train struck a wagon at the road crossing at North Branch, W. Va., about six miles east of Cumberland, loaded with nineteen cases of dynamite belonging to a contractor on the Wabash railroad. The engine and nine cars were wrecked and the track torn up for a distance of 100 feet. The engineer, N. T. Pike, was killed, fireman Sanders seriously injured, brakeman C. W. Whitehair killed and Operator C. H. Hamilton was cut and bruised. Several residents who were standing around were slightly hurt. The tower and interlocking plant were completely destroyed. The driver of the wagon containing the dynamite, and the horses were uninjured, though the latter were blown fifty yards into a field.

Bold Masked Robber.

San Francisco, Sept. 24.—Compelling two clerks to go into a room at the point of a revolver, to be made prisoners, a masked man took a suit-case containing \$4,400 and records and papers belonging to the Central Grain and Stock Exchange, and then made his escape. The clerks were carrying the suit-case containing the gold, silver and paper into the office through a passageway in the rear of the office when they were confronted by the robber, who compelled them to drop the case.

Narrow Escape of Employes.

St. Louis, Sept. 24.—Fire which started on the sixth floor of the Christian Pepper Tobacco factory resulted in the destruction of practically all the stock, damaged the building and endangered the lives of the 500 employes. The loss is estimated at \$90,000, mostly by water. After all the other employes had escaped five girls were found unconscious on the fifth floor and were carried out by patrolmen and resuscitated.

Walked Off With Keys.

Lafayette, Ind., Sept. 24.—William G. Roberts, the forger who escaped from the county jail Wednesday, is still at large and the police have scoured the country in a vain effort to find him. It has been learned that Roberts carried away the keys to the jail.

Parachute Failed to Work.

Phillipsburg, Kan., Sept. 24.—Mrs. George Hendricks fell from a balloon into Rock Island lake here and was drowned before boats could reach her. She made the ascent successfully, but when she made the parachute leap the parachute failed to work properly.

Central Europe Hungry.

Washington, Sept. 24.—According to Consul General Mason at Berlin, the United States will have to help feed central Europe during the coming autumn and winter on account of the drought in Russia, Austria, Germany, Switzerland and France.

Deadly Boiler Explosion.

Railhead, N. C., Sept. 24.—The boiler in the gin department of the Mammoth cotton mill exploded with terrific violence, instantly killing four men, scalding another so badly that he will die, and partially wrecking the engine room.

Nightly Burglaries at Rushville.

Rushville, Ind., Sept. 24.—Burglaries are committing robberies nightly at this city. While many houses have been entered, the robbers have made no big hauls. It is believed the burglars live here, but no arrests have been made.
